

WHEN A FLOOD COMES

We live in Queensland.

Sometimes there are floods in Queensland

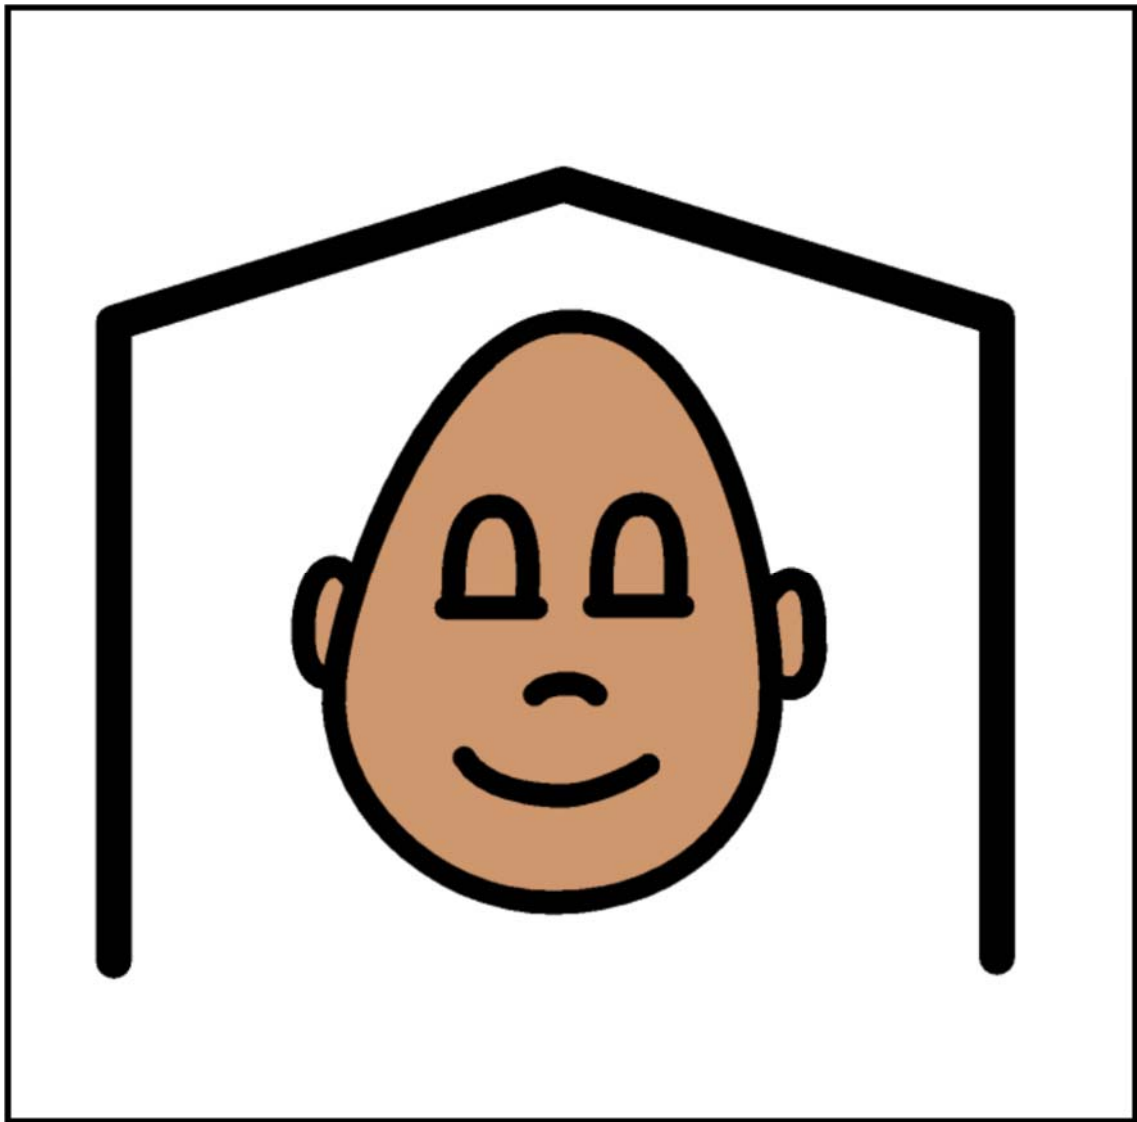

*A flood happens when there is a lot of rain
and the water has nowhere to go.*

The water can be on the roads, parks and sometimes in houses and buildings.

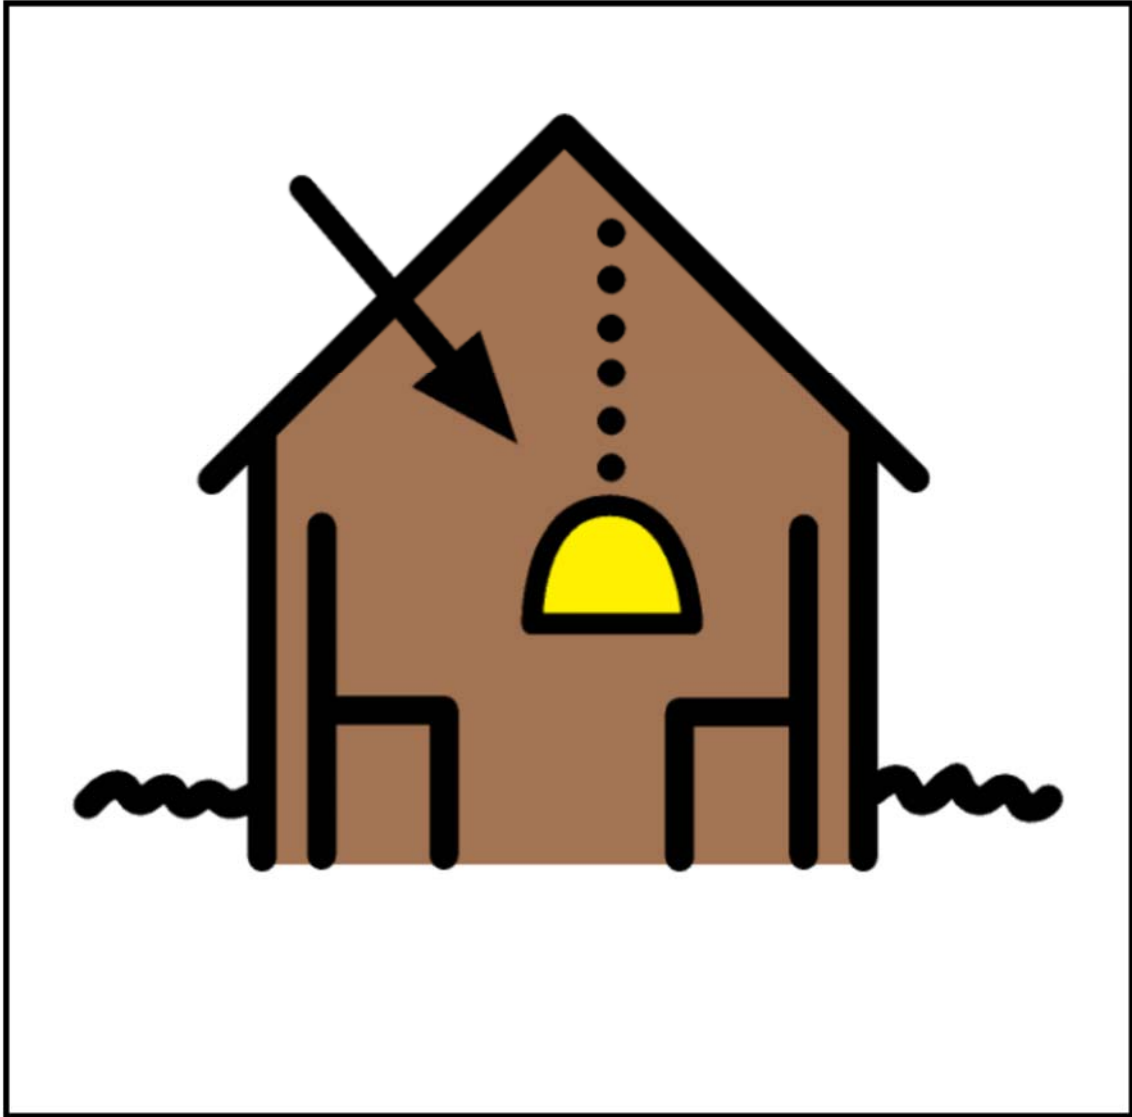

*When a flood comes we should get ready.
We will make sure we are in a safe and
dry place. Sometimes we have to
leave our house to go somewhere safe.*

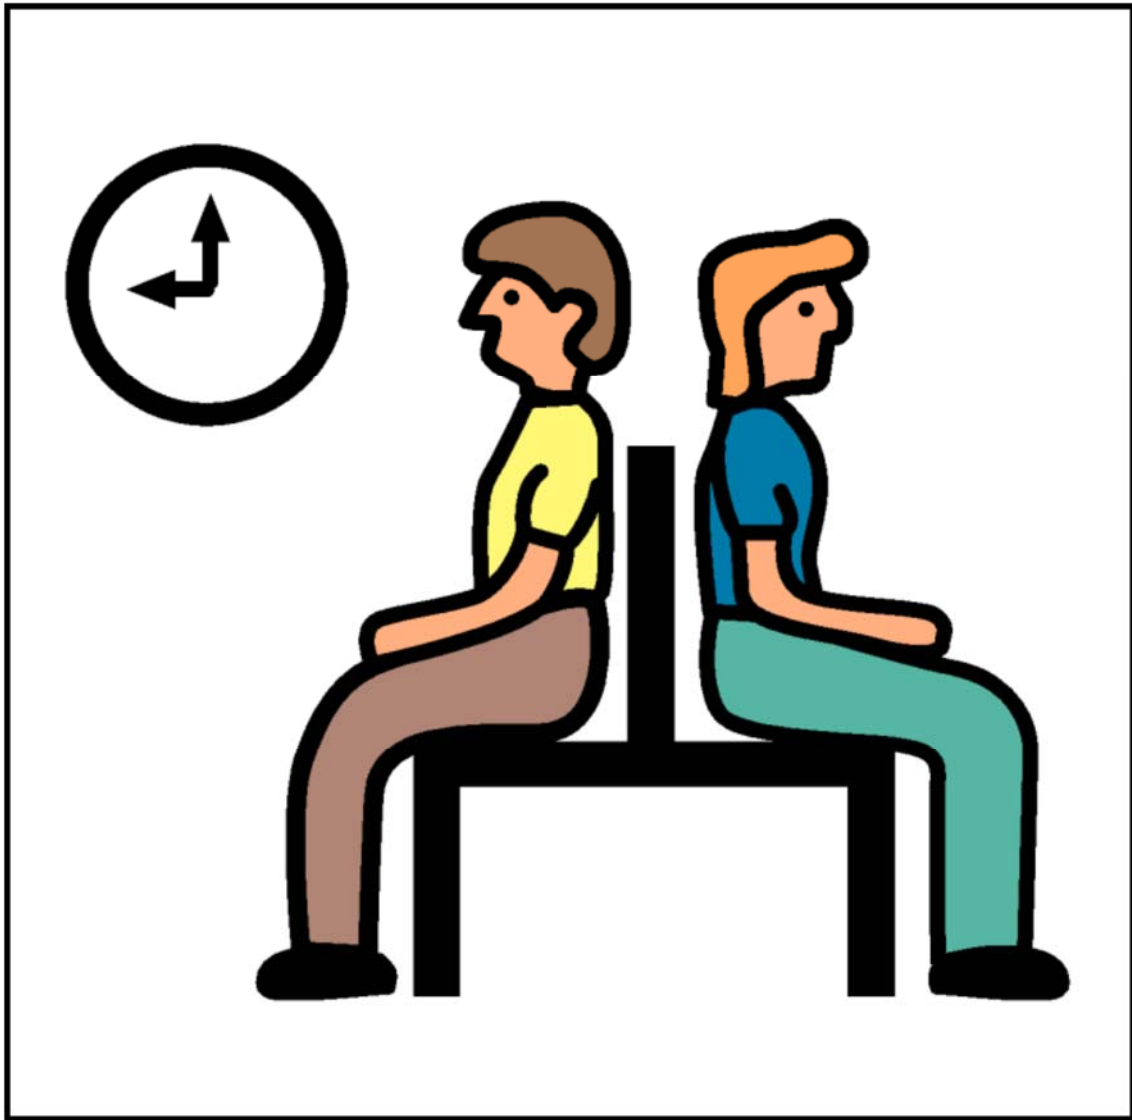

When it floods there will be a lot of water everywhere. There will be a lot of rain. Sometimes flooding can happen very quickly.

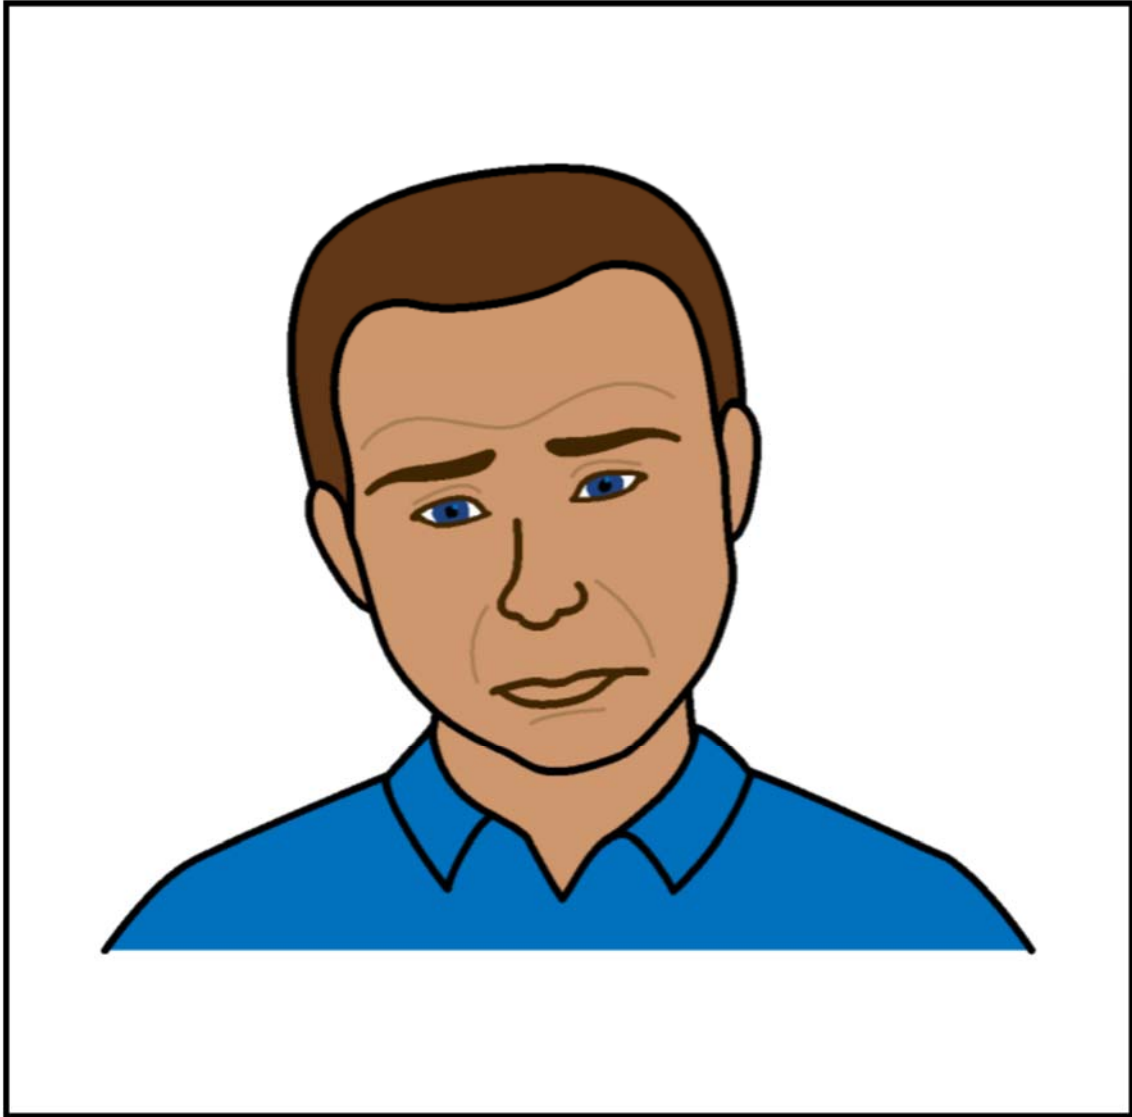

When a flood is coming, sometimes it feels scary. If we stay inside we will be ok.

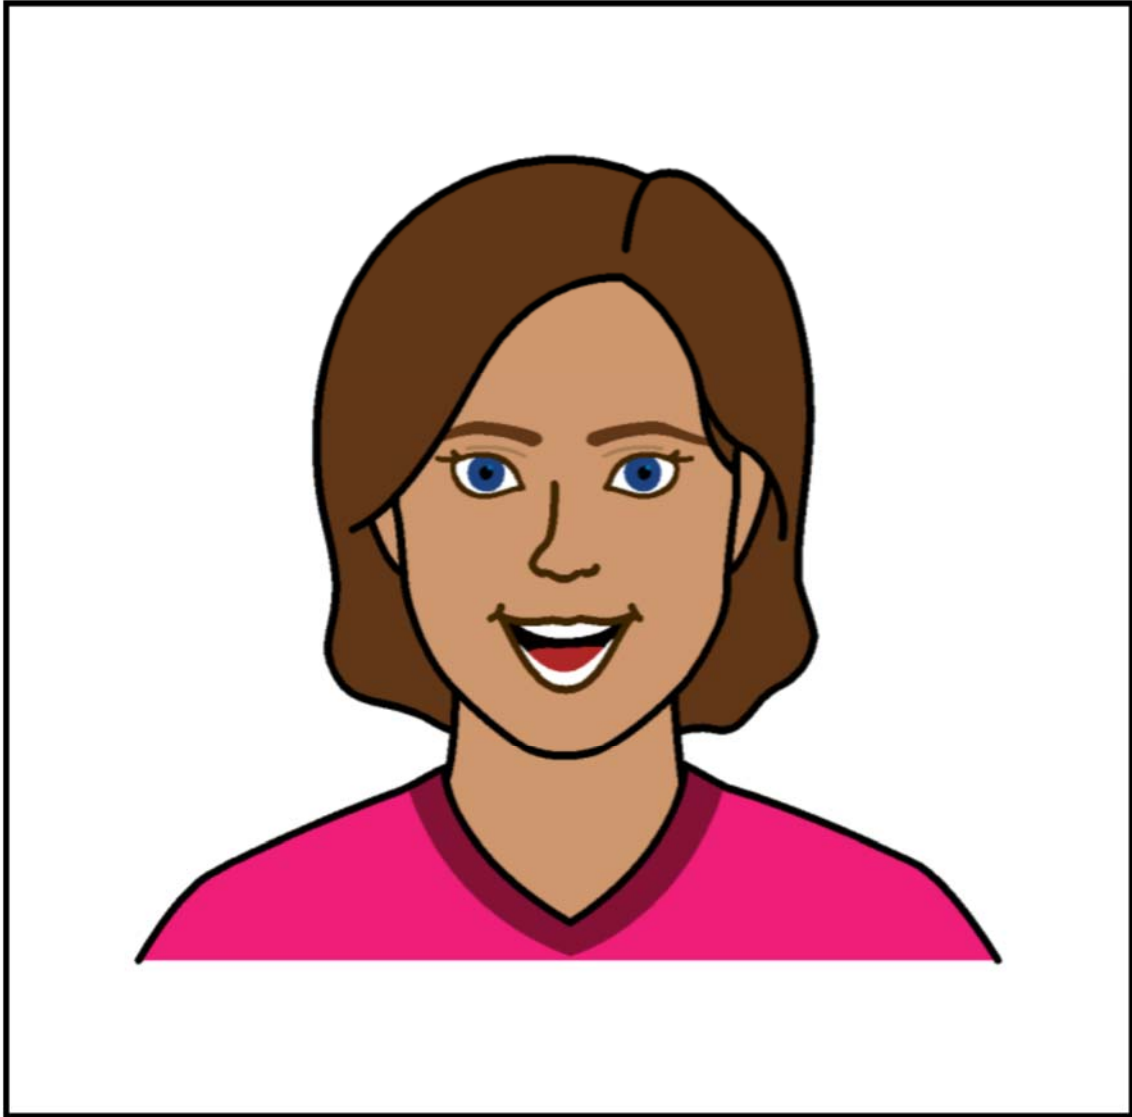

It is important to stay safe. We need to wait for the water to go away before we can go outside again.

When a flood has finished, sometimes there will be a big mess to clean up. This might make some people sad.

*Everyone will be happy that the flood
has finished.*
